

## Getting started with Reports

Use Cases Quick Tips

### Examples

You can use Reports however you like. Here are a few examples:

#### Notes to self

Add a graph to reference later.

[See Example →](#)

#### Work log

Track what you've tried and plan next steps.

[See Example →](#)

#### Collaborate

Sharing findings with your colleagues.

[See Example →](#)

### Featured Reports

[Go to Fully Connected →](#)

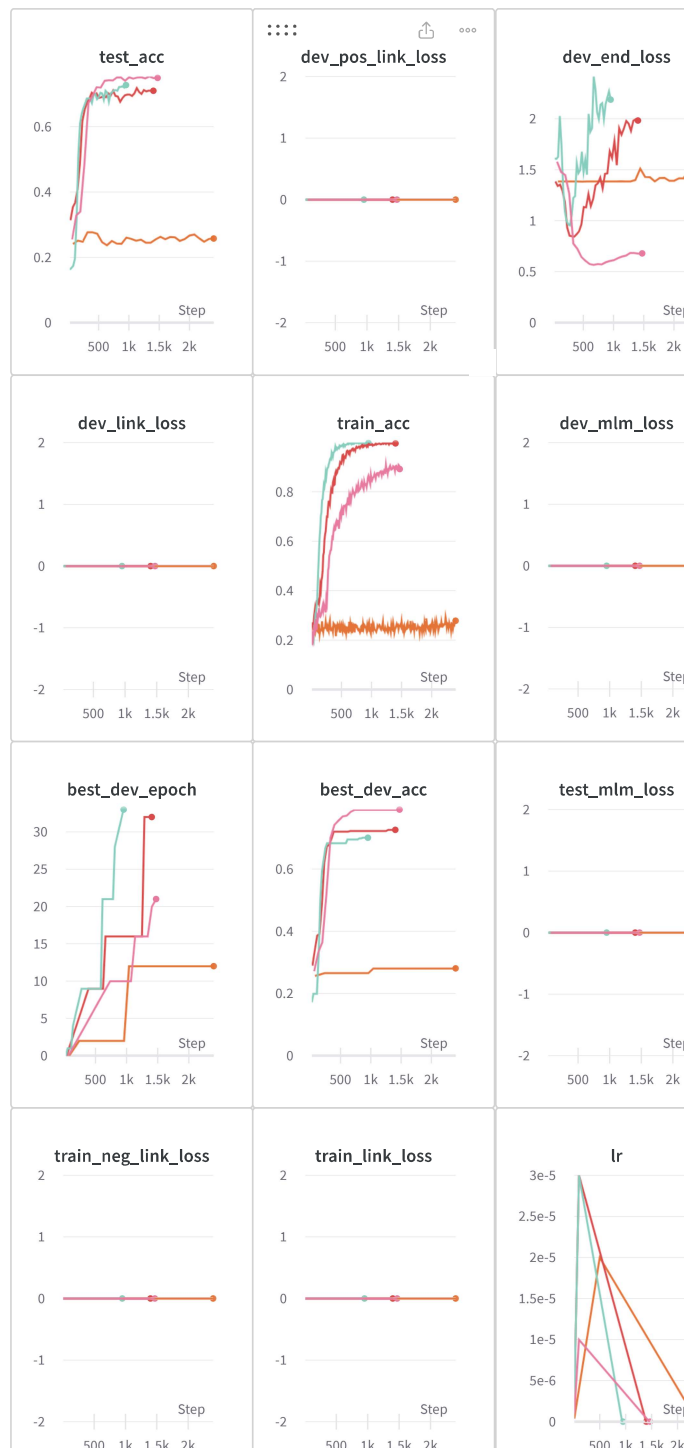

Check out how others are using reports:

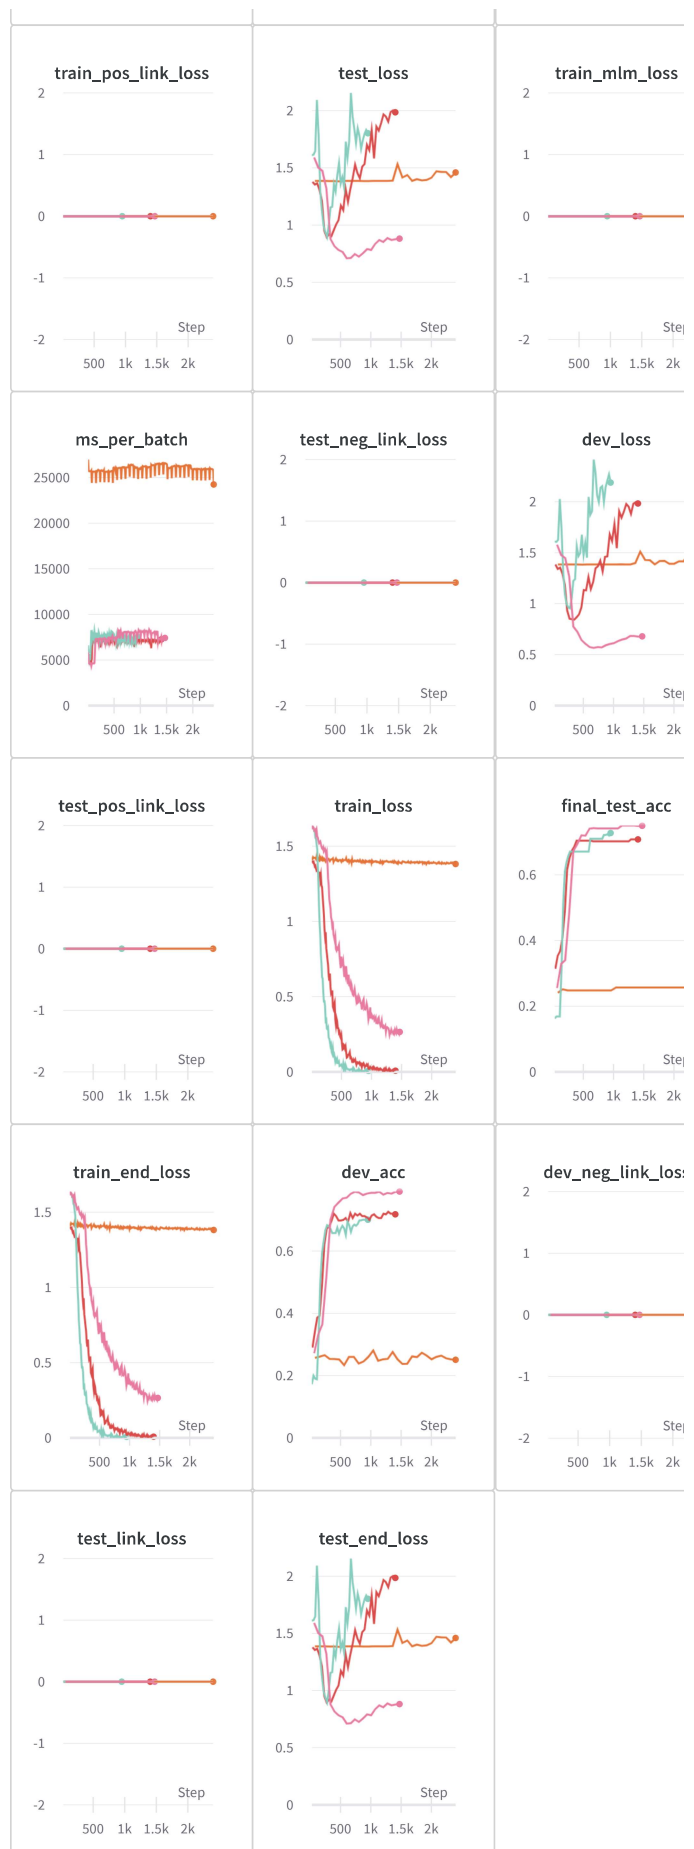

# Untitled Report

Add a description...
